

Website manager's report for period ending August 30, 2023

SUMMARY

- Online payment items were removed from the home page.
- A revamp of the Archives page is nearly complete.
- A few routine website maintenance tasks were performed; no major issues.

DETAILS

(1) Website Maintenance and Updates

- Removed the prominent image of credit cards and the links to online payment information from the home page, and put the relevant information links in the online payment forms for membership and events.

- Restructured the Archives page to be a collection of links to sub-pages for each category, replacing the unwieldy single page. This should go live shortly, but the draft version is available via the link below.

(2) eBridge Distribution

No activity this reporting period, other than helping a couple of

members who had missed
eBridges due to spam filtering.
